This book has become an outstanding guide for me. Though I am familiar with an Apple computer, this computer is different. I like the pictures and descriptions because they are easy to follow. I am a senior and it really helps me a lot. Not expensive and it is worth the money that I spent.

AWSOME book. I received it today and I simply love it It is very informative Step by step and easy to understand. Thanks

Very useful - clear and we'll organised

This book has helped me so much, I can now really enjoy my computer and know how to do all the things I want. It really walks you thru and makes things so easy to understand.

A gift for my husband. He refers to it often and loves it.

Very well written! Excellent!

Well written and easy to understand, explaining the basic operations of the OS.
