A Traveller's History Of Athens

Synopsis

Athens has a history stretching back to Mycenaean times and in the fifth century BC it became the most significant community for the development of political thought and practice, art and culture that had ever been seen and which still retains a vital influence on the present day. When the Ancient Olympics were first revived at the end of the nineteenth century they took place in Athens-an occasion which will surely be remembered in the Games of 2004. "A Traveller's History of Athens describes the whole history of this great city from mythological and prehistoric times, through its artistic flowering in the classical age; its transformation in Roman times from a major player in world politics to a quiet university city; its decline into ruin and insignificance in the Middle Ages when it became the playground of Crusaders and their successors; the long period of subjection to the Ottoman empire; its recreation as the capital of a new nation in the nineteenth century; its troubled history in the twentieth century and its continuing place in the hearts and minds of all visitors. The author also includes helpful information on Athens' museums and galleries and archaeological sites, excursions from the city, as well as transportation and communications.

Book Information

Series: Traveller's History of Athens

Paperback: 370 pages

Publisher: Interlink Books (October 1, 2004)

Customer Reviews

"...a series which is invaluable. Whether you're travelling or not." -- The Guardian

Richard Stoneman is Honorary Fellow, University of Exeter, and a director of Westminster Classic Tours. He has written extensively in the field of Greek history. He lives in Devon, England. Denis

Judd is Professor of British Imperial and Commonwealth History, at the London Metropolitan University. He is the author of numerous books, including the best-selling *Empire: The British Imperial Experience from 1865 to the Present* (which was second on the best selling London hardback list) and most recently, *The Boer War*.

I highly recommend all of the, "A Traveller's History of..." series. These books are lively, informative histories that are the perfect read before a trip somewhere new or just to brush up on the history that one's forgotten over the years. They all cover a particular location's entire history up until the present and provide insights into its changing culture and politics over the years in an intelligent but highly, and swiftly, readable manner. And compact enough to bring with one to look up that forgotten bit of information that makes an afternoon's outing that much more enjoyable.
