Customer Reviews

Kiki Lowenstein and the Lilac Festival is the next installment of scrapbooker and sleuth Kiki, a short story following Ready, Scrap, Shoot. In this story, Kiki takes a trip to Mackinaw Island, MI at the invitation of a woman she helped come up with ideas for a project. Mayhem ensues. Joanna Campbell Slan lets us take the trip with Kiki with her wonderful images of the scenery. Joanna's realistic characters and ability to move a story along, make her one of my favoirtie authors. I always long for the next book, high praise indeed!

Sorry to be the only dissenting voice here. I know fiction is make believe, but when an author so distorts the facts of Northern Michigan, I can't keep quiet. Mackinac Island is my favorite place to

vacation in the whole world. I know it quite well and enjoy reading fiction based on the island. To me, this book was more of a description you might find in a travel guide. The thing is, many of the descriptions were in error. I have to wonder if the author has ever been there. Please don't take the author's word for how the island is. Go there and see and feel the magic for yourself. I generally like the Kiki Lowenstein mysteries, but even though this is a short story, I thought the mystery could have been developed better.

This passed the time well. I enjoy Joanne Campbell Slan's writing style. Kiki is on an adventure of her life.

The newest Kiki adventure was as wonderful as the rest! I've read the entire series from this very talented Cozy writer and finish each book thirsting for another. This latest story line finds Kiki and her friend visiting famous Mackinac Island for their yearly Lilac Festival and Joanna Campbell Slan does not disappoint! The descriptions are vivid, the story entertaining and the peek into Kiki's life brings her to life in such a way, I want to invite her over for a diet Dr. Pepper and a donut!!!!

Love these books..they are my go to books when I can't sleep, problem is, they are so good I don't want to fall asleep, I want to finish another chapter, and then another. Certainly not a sleeper. A bit of family, friends, love, life, mystery all rolled into a wonderful book, hate for them to end. Another winner.

Kiki is still recovering from her most recent scrape with death and is headed off for what is supposed to be a relaxing weekend away. But, as always, life is never that easy for Kiki and she is pulled into another scrape. I am really enjoying these shorts between book releases! It gives me more of the story and I don't have to wait so long :) Perfect for this impatient fan of the series.

Since I love all the Kiki Lowenstein books, this was no exception. The short stories are great for a quick sit down relaxed read. I love the mystery, the scrapbooking references, and the recipes, as well as the continuing story of Kiki's life.

I really enjoyed this short story. It was wonderfully written and I thoroughly enjoyed it. I was so excited that I read the whole thing in one sitting!!!. This is a fast paced wonderful "Sit on the beach and read day" type of book. You can almost smell the Lilacs. Thank you Mrs. Slan for another

wonderful adventure. Well done
