Johanna Basford is an illustrator and ink evangelist who prefers pens and pencils to pixels. Her intricate, hand-drawn illustrations are loved the world over by those who have colored in (sometimes more than once) her bestselling books Johanna's Christmas, A Magical Jungle, A Lost Ocean, A Secret Garden, and A Enchanted Forest. Johanna is a graduate of Duncan of Jordanstone College of Art and Design in Dundee. She likes sugar mice, floral teacups, peonies, and bumblebees. Visit her online at johannabasford.com.

The images are beautiful and I like the thickness of the pages, but I cannot handle that the pages fall out almost immediately. If you want to make use of this coloring book and keep the pages inside, you are likely to have a problem. If you plan on just taking them out anyways, maybe it won't bother you as much as it did me.

This is a beautiful book with nice weight paper. The drawings are only on one side of the page. The

paper has perforations making removing the pages easy. I have purchased many of the artist's products and I will buy the new ones as they are released.

I love the detailed designs, most pages are intricate enough to put really nice detail in. Help me relax and focus when I need to calm :)

I've been coloring for a while now and that's what I love to do. It's relaxing and enjoyable.

Love the pictures! My grandsons want this book now, and they are 11 and 8.

I love everything about this Artists book: the pictures, the paper- good for any coloring medium, the size and scale of the artwork! Do pick up two - one for you and another for a gift. There are no drawbacks that I can find. I'm thoroughly enjoying this beautiful book!

I loved the original coloring book and I loved that she did this Artists edition. I am almost afraid to ruin it by coloring the pages. LOL

Amazing!
