Customer Reviews

For an in-depth yet very accessible look into Colonial America, this is an invaluable resource. The information is very interesting, and the excerpts from the primary sources a must for bringing the period alive. My fifth grade daughter and I have really enjoyed the sections we've delved into thus far. So much so, that today I ordered my own used copy (very affordable) so I don't have to keep checking it out of the library (and hope it's there when we want it). I know my daughter will dive in when U.S. history comes up again in middle school.
