Roger Priddy left school at 16 with just one qualificationâin art. He went to Berkshire College of Art and Design and trained as an illustrator. His first job in children's books was working with the publisher Peter Usborne, at Usborne Publishing, and then he worked with Peter Kindersley at Dorling Kindersley, where he spent 16 years. Priddy became Creative Director of DK's Children's Division and was Managing Director of the children's mass market publisher Funfax when it was acquired by DK. In 2000, he created Priddy Books with John Sargent at St Martin's Press to create innovative and imaginative titles for children, from first books for babies through early reference titles for older children. Since then, over 30 million copies of Roger's 200 plus books have sold worldwide, with five of his booksâMy Big Animal, My Big Truck, Happy Baby Words, Happy Baby Colors and Puppy and Friendsâeach selling over one million copies. He is also the author of Big Board First 100 Words; Big Board Books Colors, ABC, Numbers; and Bright Baby Noisy Monsters. His creativity has been recognized with numerous industry awards. Priddy lives in London with his

wife Zena and their four children.

Very happy. Great price, and like the simplicity of the book and the pictures.

My husband, our baby boy, and I are all learning Spanish together. This is a great book for a few first words. It has a hard cover with board book pages which makes for a very sturdy high quality book format. Inside it has bright colored photos with both the Spanish and the English word for each picture which is perfect! The pages are as follows: girl, boy, t-shirt, pants, socks, shoes, coat, cup, chair, ball, boat, car, truck, train, airplane, teddy bear (this is more than one word 'osito de peluche'), orange, apple, banana, leaf, flower, cat, potty (also more than one word 'orinal de niÃ o'), dog, duck, and fish.

Was disappointed that this book has a lot of repeated pages from the "colors" book by Roger Priddy. It just seems so offensively lazy! How hard is it to come up with a few other words that aren't in his other books?!

This will be used to help a little girl speak. She lives out of the country. The book is very thick cardboard. Just right for a toddler onto. This will be a great tool for her Mother to work with her little girl.

Our daughter loves this book (and the others by the same company). It has pictures that hold her attention and she loves being read them over and over.

We love this series! Our little one loves the realistic photos on each page. Highly recommend

I wanted a few bilingual books to introduce my 2 year old to Spanish. I love the quality, bright colors, content, size, everything!! He never gets bored of these! I ordered 3 of this series and I think the "Primeras Palabras" is my favorite. There are multiple words that are in several of the books, but it doesn't bother me. For example, there is a fish in "Primeras Palabras" as well as "Colores", but the pictures are of 2 different fish. I really appreciated that and would have been a little annoyed if it were the same picture in each. My husband can pick it up and read the English while I read him the Spanish. (Note: I am a native English speaker with approx 4 years of high school Spanish). I plan to

only buy bilingual books from here on out. You get 2 languages for one price!

With the help of a bi-lingual friend, we plan to teach our daughter Spanish. I think these will be a great start to teaching some vocabulary. Bright beautiful pics with both English and Spanish. I especially love that it's only one pic per page so not too much to look at. She's only 8 months right now but seems engaged by them. They will probably be better for her when she's closer to one. I would buy again or give as gifts.
